

Functional ATE & Power Supply Testers

- Military and Aerospace Test Systems
- Functional ATE Systems
- Power Supply Test Systems
- Hi-Pot Test Systems
- ESS / Burn-In / Vibration Monitoring Systems
- Manual Test Systems
- Test Fixtures and ITAs
- Box Builds and Sub-Assemblies
- Switching and I/O Cards
- Custom Cabinets and Accessories

Functional ATE & Power Supply Test Systems

FineTest 1 Industry Drive, Palm Coast, FL 32137 Tel: (386) 446-0463 Fax: (386) 446-0465 email: sales@finetest.com

Test Fixtures and Interface Test Adapters (ITAs)

*Test Fixtures and Interface Test Adapters
are used with FineTest Testers
for many diverse applications
including the following:*

*Military and Aerospace Power
Telecom Power*

Avionics Functional Test

Design Verification Test

Sub-Assembly and Board Test

Hipot Testing

Test System Self-Test

Self-Test Fixture for Power Supply Tester

TEST FIXTURES & ITAs

Self-Test Fixture with rear cover open

Self-Test Fixture with rear cover closed

Fixture front with Virginia Panel Connectors

Production Test Fixture with Built-In Thermal Chamber

TEST FIXTURES & ITAS

Test Fixture with cover open

Installing a UUT into the Test Fixture

*Test Fixture
with a UUT
Installed*

High Volume Production Test Fixture

TEST FIXTURES & ITAs

Test Fixture with UUT

Application: High Volume Production Test

Features:

- Mechanical arm to plug in UUT
- Optical Sensor to verify LED On/Off and Color
- Locking Safety Cover
- Large base with room for Relays, PCBs etc.

 **FineTest**
www.finetest.com

Test Fixture with Safety Cover Open

Production Test Fixture for Telecom Power Supplies

TEST FIXTURES & ITAS

Front view of Test Fixture with UUT

*Close-Up of UUT Mating Connectors
and Guide Pin*

Application: High Volume Production Test

Features:
Sliding plug for UUT
UUT Mating Guide Pin
Safety Cover

 **FineTest**

Production Test Fixtures for Mainframe DC-DC

TEST FIXTURES & ITAs

Rear view of DCA Test Fixture

Front view with front panel removed

Side view with UUT

Front view with UUT

*Multiple Test Fixtures
on the Production Floor*

Application: High Volume Production Test

Features: PCB to UUT Mating Connector
Output Capacitor Bank with Low ESR

Production Test Fixture for Bulk Power Regulators

TEST FIXTURES & ITAS

Test Fixture with UUT on Production Floor

PCBs used in Test Fixture

Application: Production Test

Features: PCB to UUT Test Fixture
Roll-In Cart to Tester

 **FineTest**
www.finetest.com

FineTest Test Fixture Kit for Open-Frame Power Supplies

TEST FIXTURES & ITAs

FineTest Test Fixture Kit with UUT

Test Fixture with Test Probes to Test Points inside UUT

Application: High Volume Production Test

Features: FineTest Test Fixture Kit with:
Safety Cover and Cooling Fan
Custom milled rails to hold UUT and Mating Connector
Test Probes for Test Points inside UUT

FineTest
www.finetest.com

Production Test Fixtures for Telecom Power Supplies

TEST FIXTURES & ITAS

Test Fixture with UUT

*Test Fixture with a Fan
to test UUT Fan Output*

Side view of a Test Fixture

Front view of a Test Fixture with Test Probe

Application: High Volume Production Test

Features: Easy UUT Plug In Test Fixtures
Pogo-Pin Test Fixtures for Boards

Plug-In Test Fixture

Plug-In Test Fixture

Test Probes inside UUT

Card Cage Test Fixture

Side view Pogo-Pin Board Test Fixture

Front view Pogo-Pin Board Test Fixture

Sub-Assembly Boards Test Fixture

TEST FIXTURES & ITAs

Sub-Assembly Board Test Fixture

Application: Sub-Assembly Board Test

Features: Plug-In Cables to UUT
Multiple Board Types
on same Test Fixture

Test Fixture with Safety Cover Open

Production Test Fixture for Voltage Regulator Modules

TEST FIXTURES & ITAS

Top view of Test Fixture with Safety Cover Open

Application: Voltage Regulator Modules
High Volume Production Test

Features: Custom High Slew Rate Load
built into Test Fixture
Cinch Connector to Hold UUT

Test Fixture with Safety Cover Closed

Pogo-Pin Test Fixture for Sub-Assembly Board Test

TEST FIXTURES & ITAs

Side view of Test Fixture

Close-Up of Pogo-Pins

Front view of Test Fixture

Application: High Volume Production Test

Features:

- Pogo-Pin connection to UUT
- External Banana Jacks for Manual Test Points
- Operator switches to control UUT

Pogo-Pin Board Test Fixture

*Close-Up of
Pogo-Pins*

Front view of Test Fixture

Left side view of Test Fixture

Right side view of Test Fixture

TEST FIXTURES & ITAS

Application: High Volume Production Test

Features:

- Pogo-Pin connection to UUT
- External Banana Jacks for Manual Test Points
- Operator switches to control UUT
- UUT Status LEDs
